# Course Information

## AHC10216 Certificate I in AgriFood Operations

### About this course

This qualification is an entry-level qualification aimed at individuals entering the agriculture, horticulture and conservation and land management industries. It allows individuals to develop basic skills and knowledge to prepare for work. They may undertake a range of simple tasks under close supervision. The range of technical skills and knowledge is limited.

The qualification is suited to VET in Schools programs or learners with no previous connection to the agriculture, horticulture or conservation and land management industries or relevant employment history.

This course is nationally accredited within the Australian Qualifications Framework and outlined with the Agriculture, Horticulture and Conservation and Land Management Training Package. Further details on this Training Package are available from the Australian Government's training information website: <http://training.gov.au/Training/Details/AHC>

### Study and career pathways

Further training pathways from this qualification include, but are not limited to, Certificate II in Agriculture, Certificate II in Horticulture, Certificate II in Production Horticulture and Certificate II in Rural Operations.

There are no specific job outcomes to this qualification, but the skills achieved will assist in successfully undertaking a Certificate II pre-vocational program or job outcome qualification, or will facilitate entry into an Australian Apprenticeship.

### Length of course

This qualification runs over one semester with an expected completion time of two (2) terms on campus, however this time frame can be extended based on individual student needs.

### Eligibility/entry requirements

To gain entry into this qualification, students must be enrolled in a senior secondary government or registered non-government school at year 9 level or above. There are no other requirements or previous experience required

### Support services

Students with special needs, including students with a disability, need to be supported appropriately. Reasonable adjustments will be made to accommodate their special needs. Support for students requiring language, literacy and numeracy skills will be provided by dedicated school staff such as Special Education Support Assistant (SESA)
