Structured Work Placement (SWP)

An important component of VET in Schools training is the Structured Work Placement. SWP involves spending a work week with a host employer gaining an insight to the requirements and expectations of a worker within this industry. Students do not receive payment for this experience.

How will you be assessed?

Assessment methods include questions to assess the knowledge requirements for each unit of competency and observation of application of practical skills. These assessments will also be used to determine work readiness and the ability to follow workplace instructions and procedures.

Previous Studies and Skills Recognition

Taminmin College recognises qualifications and statements of attainment issued by other Registered Training Organisations (RTO). If you have completed training with another RTO, please talk to your trainer about receiving credit or recognition of prior learning for this course.
