Certificate I in ElectroComms Skills

Vocational Education and Training

RTO Provider number: 0855

Qualifications and Statements of Attainment issued by Taminmin College are recognised by registered training organisations in all Australian states and territories. Taminmin College recognises qualifications and Statements of Attainment issued by registered training organisations in all Australian states and territories.

Date Modified: August 2021

TAMINMIN COLLEGE

EDUCATION FOR *life.*

Advantages

- Nationally recognised qualification
- Earn credits towards NTCET
- Develop work skills
- Build confidence and communication skills
- Exposure to potential employers

Dress Requirements

Students are required to dress ready for work for all classes. The dress requirements for Automotive are:

- Work boots with a reinforced toe or steel capped (student to supply)
- High visible shirt (supplied)
- Work shorts/trousers (student to supply)

About this course

This qualification covers competencies to perform work activities, including identifying and using a range of components, accessories, materials, tools, equipment, technologies, and customs for carrying out work in the electrotechnology – communications industry. Sectors in the industry are electronics; electrical; communications, including telecommunications voice, data, video and information technology; computer systems; instrumentation; lifts; refrigeration and air conditioning; and renewable/sustainable energy.

This course is nationally accredited within the Australian Qualifications Framework and outlined within the UEE Electrotechnology Training Package. Further details on this Training Package are available from the Australian Government's training information website:

<http://training.gov.au/Training/Details/UEE>

This qualification runs over a six month period with an expected completion time of one semester. Students are to attend the course one full day a week on either Tuesday, Wednesday or Thursday.

Program content

This qualification consists of seven units of competency from the Electrotechnology Training Package.

| | |
|-----------|---|
| ICTICT203 | Operate application software packages |
| UEECD0007 | Apply work health and safety regulations, codes and practices in the workplace |
| UEECD0009 | Carry out routine work activities in an energy sector environment * |
| UEECD0021 | Identify and select components, accessories and materials for energy sector work activities |
| UEERE0001 | Apply environmentally and sustainable procedures in the energy sector |
| UEECD0020 | Fix and secure electrotechnology equipment |
| UEECD0042 | Solve problems in ELV single path circuits |

Study and career pathways

On completion of this qualification, students may continue their studies with the Certificate II in Electrotechnology, seek an Australian Apprenticeship or apply for work as an entry level employee within the Electrotechnology industry.

Assessment

Assessment methods include questions to assess the knowledge requirements for each unit of competency and observation of application of practical skills. These assessments will also be used to determine work readiness and the ability to follow workplace instructions and procedures.

How will you learn?

Training and assessment takes place in a fully equipped Electrotechnology classroom at Palmerston Youth Skills Centre. The course is delivered one day a week on either Tuesday, Wednesday or Thursday during normal school hours. All learning resources are supplied free of charge.

Previous studies and skills recognition

Taminmin College recognises qualifications and statements of attainment issued by other Registered Training Organisations (RTO). If you have completed training with another RTO, please talk to your trainer about receiving credit or recognition of prior learning for this course. Credit transfers will be automatic where previous studies have been completed at Taminmin College and the units of competency apply to this qualification.

Support services

Students with special needs, including students with a disability, need to be supported appropriately. Reasonable adjustments will be made to accommodate their special needs. Support for students requiring language, literacy and numeracy skills will be provided.

Student rights and responsibilities

Students have the right to learn and be treated with respect and dignity. Equally they have a responsibility to demonstrate respect for themselves, others and the training environment.

Student responsibilities include:

- Commit to and complete the VET program
- Comply with rules and expectations as detailed in the VET Student Information Handbook
- Comply with structured work placement requirements
- Comply with workplace health and safety (WHS) requirements
- Attend VET classes on time, dressed appropriately and ready to learn

Eligibility/entry requirements

To gain entry into this qualification, students must be enrolled in a senior secondary government or registered non-government school and be 14 to 17 years of age. All students will undergo an interview prior to acceptance into the course.

Exit Points

Students may withdraw from this qualification at any time by completing a Withdrawal form and receive a Statement of Attainment for any units of competency successfully completed.

Taminmin College will provide training and assessment in accordance with the requirements of the *Standards for Registered Training Organisations (RTOs) 2015* and ensure that the learner will have the opportunity to complete the qualification offered once a completed enrolment form is processed.
